

ST FINTAN'S HIGH SCHOOL

ADMISSIONS POLICY 2019-2020

St Fintan's High School, Dublin Road, Sutton is a Voluntary Secondary school for boys. The school operates under the patronage and trusteeship of the Edmund Rice Schools Trust which has appointed a Board of Management under Section 14(1) of the Education Act 1998 to manage the school on the Trust's behalf.

St Fintan's High School hereby sets out its Admissions Policy as required by the Education Act, 1998, Section 15.2 (d) and hopes that in doing so parents/guardians will be assisted in relation to matters arising.

Mission Statement

St Fintan's High School is guided by the **Vision of Blessed Edmund Rice** to:

'Promote full personal and social development in caring Christian communities of Learning and Teaching'.

The **Mission** of St Fintan's High School is:

'To provide Catholic education in the Edmund Rice Tradition'.

Characteristic Spirit

The Education Act, 1998, requires the Board of Management to 'uphold the characteristic spirit of the school ethos as determined by the cultural, educational, moral, religious, social, linguistic and spiritual values which are characteristic of the school.'

As an Edmund Rice School, St Fintan's High School upholds the five Key Elements of the Edmund Rice Schools Trust Charter:

- Nurturing Faith, Christian spirituality and Gospel based values;
- Promoting partnership in the school community;
- Excelling in teaching and learning;
- Creating a caring school community;
- Inspiring transformational leadership.

For further information on the Edmund Rice Schools Trust and the Edmund Rice Schools Trust Charter, see www.erst.ie.

The characteristic spirit of St. Fintan's High School is reflected in the manner in which we live out our Christian ethos in the school. St. Fintan's High School is a Catholic school where every student is valued equally and given a genuine experience of belonging. Due to the universal, non-discriminatory nature of Catholicism and the value it places on ecumenism and interfaith dialogue, St. Fintan's High School is open to the admission of pupils of all faiths and none. St. Fintan's High School celebrates diversity and values difference, and every student is cherished for his uniqueness and individuality. The presence of children from other denominations is seen as an enrichment of the educational experience offered by the school and as a practical expression of the commitment to inclusivity.

St. Fintan's High School is committed to the moral, social and spiritual development of each student and all students are encouraged to strive for excellence in all areas of life and work and to use their talents in the service of God and of the community. Academic excellence and participation in sport and the arts are strongly fostered and encouraged.

The Catholic ethos of the school is reflected in many ways.

- The ethos of the school permeates the school day.
- In St. Fintan's High School, Religious Education is a core subject on the school curriculum and an integral part of the school, and students encounter our Gospel Values during R.E. classes.
- Prayer and sacramental experience play an important role in our school. We celebrate together to mark key times throughout the year.
- Mass is celebrated at the opening of the school year, Christmas and the Sixth year graduation, these being the most high profile of these events.
- Our Sacred Space in the school assembly area is decorated according to the liturgical seasons and to celebrate times of special religious significance.
- Copies of the bible are available to students for class use as well as to take home.
- A retreat is undertaken by all Transition Year students.

- Transition Year students are given the opportunity to participate in the Edmund Rice Community Project. Students are encouraged to live out the spirit of Edmund Rice by playing an active role in responding to the needs of others.
- Charity work is an integral part of how we as a school foster a sense of care, compassion and community which characterised Jesus' life. An awareness of social issues and action for social justice is at the forefront of our response to our ethos as an Edmund Rice School. We undertake an immersion trip to Zambia every second year to work with the children in New Sables School in Kabwe. We have associations with many local charities such as St. Vincent de Paul, Trócaire, GOAL, Pieta House, Donal Walsh Live Life Foundation, Focus Ireland, Bóthar, and the Peter McVerry Trust. Through working with and experiencing the work of these various charities students are encouraged and challenged to become agents of social change.
- Catholic Schools Week is celebrated each year in our school and is a time of special importance in our school calendar.
- Edmund Rice Day is celebrated every year in May.
- As part of living out our ethos as an Edmund Rice School we strive to foster a spirit of inclusivity in everything we do. It is our aim to embrace and celebrate diversity amongst our students. Some of the practical steps we take to achieve this include the holding of a cultural diversity day, the reading of prayers in different languages during liturgies and the study of world religions.

ADMISSIONS POLICY AND APPLICATIONS PROCEDURES

The Admissions Policy of St Fintan's High School is founded on the key principles in the Education Act, 1998, (Section 15.2(d) as follows:

- Having regard to the school ethos,
- Having regard to parental rights to enrol their son in a school of their choice as defined by the High Court, 1563 JR, July 10th 2009.
- Equality with respect to maximum access and participation in the life of the school.
- Inclusiveness, particularly reasonable provision and accommodation for students with disabilities and special learning needs.
- Respect for the diversity of beliefs, culture, values, languages and traditions in Irish society.

While St Fintan's High School is a Catholic school for boys, applications on behalf of non-Catholic boys are welcome.

The Board of Management reserves the right to regularly update/amend the Admissions Policy.

The operative Admissions Policy for any year shall be that policy which is adopted by the Board of Management in the school year preceding the Application.

Each year the Board will decide in advance the number of First Year boys for whom the school can provide an appropriate education, having regard to health and safety considerations, the standard of education it hopes to provide, the welfare of students and teachers, and the suitability of its accommodation for the proper provision of education. For educational and health and safety reasons, the Board of Management decided that the maximum number of 120 boys will be enrolled in First Year for the school year 2019/2020.

Therefore, if the number of applicants for first year places exceeds the set intake limit, a waiting list will be established based on places allocated in the lottery draw, outlined below under 'Criteria for Admission', for those applicant students in excess of the set limit. Places will then be allocated solely in sequence as per place on that waiting list.

If the name of one is drawn, the others will automatically be allocated places. When all places are filled, names of applicants will continue to be drawn to establish the order of applicants on the waiting list.

Note. The geographical boundaries of a parish as specified in this Admissions Policy are as those defined by the Catholic Archdiocese of Dublin. (See www.dublindiocese.ie)

When an application has been received it will be considered by the Board of Management who will make a decision as to whether or not to admit the student to the school. This is in accordance with Section 19 of the Education (Welfare) Act, 2000. In accordance with this Act, The Board of Management will make a decision in relation to the application no later than 21 working days after a parent or guardian has supplied the school with all the information that is required to be provided by the Minister for Education and Skills.

Other relevant documentation as required by the school must be supplied in advance of a final decision of acceptance by the Board of Management. A form to this effect will be sent out with the provisional offer of a place in St. Fintan's.

A decision to accept a student for enrolment at the school will be notified to the parents/guardians in writing. No student will be enrolled in the school until the Code of Behaviour has been accepted and signed by parents/guardians and student.

Students with Special Educational Needs

St Fintan's High School welcomes all students, including those with special educational needs. The school will use the resources provided by the Department of Education and Skills to make reasonable provision and accommodation for students with disabilities or special educational needs so that these students are free to participate in the life of the school in so far as is reasonably practicable. **While recognising and fully supporting parents' rights to choose a school for their children, the school's ability to accept students with particular needs is dependent on the availability and supply of additional resources from the Department of Education and Skills.**

TRANSFER OF A STUDENT FROM ANOTHER SCHOOL

St. Fintan's High School will make every reasonable effort to facilitate a student seeking a transfer to our school.

The Board of Management will decide on applications for admission to any year other than First Year by applying the following criteria:

- A transfer is in agreement with School Admissions Policy
- All relevant information from the former school has been made available.
- A transfer is of educational benefit to the student.
- A transfer is in the best interest of the student.
- A transfer is in the best interest of the school.

Where a student is considered for a place, the decision will be taken by the Board of Management in consultation with the student's parents/guardians, his former school and, if necessary, the Education Welfare Officer. In some instances it may be possible to offer a place immediately. In other cases entry may be offered from the beginning of the next academic year.

Applicants must complete the Application Form, giving all the details required. Failure to complete any of the necessary documentation required on the Application Form within a reasonable timeframe, or to supply any other relevant documentation required by the school will result in an applicant being refused admission to the school.

The school will respond to each application within 21 school days of receiving it but may not be in a position to make a decision on some applications until later in the school year when its current students have given an indication to the school authorities of their intention to return to the school in the forthcoming academic year.

Application Forms are available from the school office on request.
