

POSITIVE BEHAVIOUR CODE

St Fintan's High School

School Organisation and Practice

Always treat other people as you would like them to treat you.

Introduction:

Students and staff at St Fintan's High School are encouraged to make a positive impact in the school community through positive behaviour.

Why do we have Rules?

In St. Fintan's High School more than 700 people live and work together in a confined space every day. For everyone to get maximum benefit out of school life and to avoid chaos and waste of precious time, we need our own rules. Once you understand the reasons for these rules you will, we hope, take responsibility for keeping them. Most of the rules are the same as you have at home, in the workplace, in clubs and in society. Others apply more specifically to the confined space of classroom or school.

Remember the rules are for your freedom, not your restriction. Obey them in a responsible spirit and more people will enjoy greater liberty throughout the school.

The Board of Management upholds the rights of all students and teachers to be treated fairly and with dignity in an educational environment that is free from disruption, intimidation and harassment.

The school rules apply when students are on the school premises, on school trips or activities, or identifiable as students of St. Fintan's High School.

The St. Fintan's High School Code of Positive Behaviour has been reviewed after a formal consultation process between Board of Management, parents, staff and students in compliance with 'Developing a Code of Behaviour, Guidelines for Schools' published by the NEWB and with the Charter of the Edmund Rice Schools Trust.

PUNCTUALITY

Punctuality and good attendance are very important in school just as they are in the workplace later in life. Students should be present at least 10 minutes before first bell to have enough time to prepare for class.

ATTENDANCE

A note of explanation from parent or guardian is required for late arrival and for absence from school. In the case of absence due to medical or dental appointment the student may be requested to present an appointment card. The note for absence must be presented on the first day of return from absence.

No student is permitted to leave the school grounds during class time without permission from the Parent/Guardian.

A student leaving the school before class ends for that day must present a note from a parent or guardian and must sign the book in the school office.

Being out of bounds within school hours is regarded as a serious transgression as it undermines school policy to uphold the health and safety of the student.

A student who, without permission, absents himself from the school grounds during the hours of instruction, may be obliged to apply to the Board of Management for re-enrolment.

Students who transfer from St. Fintan's High School will not be allowed have use of the school for sitting the state examinations.
